

CALCULUS:

Homework
2/26-3/2

due: Tuesday:

Find the total distance traveled by the particle between the given times:

$$1. v = 6t^2 - 6t - 12 \quad 0 \leq t \leq 3$$

$$2. s = t^2 - 4t + 5 \quad 1 \leq t \leq 4$$

on: Wednesday: test

due: Friday: read pp. 442-450

Monday:
